PFAC Annual Report Form

Health Care For All (HCFA) advocates for health justice in Massachusetts by working to promote health equity and ensure coverage and access for all. HCFA uses direct service, policy development, coalition building, community organizing, public education and outreach to achieve its mission. HCFA envisions a day when everyone in Massachusetts has the equitable, affordable, and comprehensive care they need to be healthy.

Why complete an annual report for my PFAC?

Under Massachusetts law, hospital-wide PFACs are required to write annual reports by October 1st each year. These reports must be made available to members of the public upon request. As in past years, HCFA is requesting a copy of each report which will be posted on HCFA's website, <https://hcfama.org/pfac/>. HCFA recommends using this template to assist with information collection, as well as the reporting of key activities and milestones.

What will happen with my report and how will HCFA use it?

We recognize the importance of sharing of information across PFACs. Each year, we:

- make individual reports available online
- share the data so that PFACs can learn about what other groups are doing

Who can I contact with questions?

Please contact us at atappan@hcfama.org or call us at 617-275-2982.

Please email completed forms to PFAC@hcfama.org.

Reports should be completed by October 1, 2022.

Challenge 1: as in the past years, an on-going PFAC goal is to recruit new members to the council. This includes new patients/ families as well as staff from within the system. Efforts need to be made to diversify the PFAC membership and to recruit more members that represent different patient service lines.

Challenge 2: The PFAC continues to meet virtually but may need to explore how to balance impact and synergy of in-person meetings with flexibility of virtual meetings. The virtual meetings are beneficial as members do not have to travel but they do not bring the energy and teamwork like face-to-face meetings.

Challenge 3: the PFAC has untapped potential to be more involved in projects and committees that can benefit from having a patient/family member's voice. Due to Covid-19 pandemic, various initiatives at the organization were put on hold.
